

April 25<sup>th</sup>, 2013

For the second year in a row, The Impulse Team ran our annual gala with professionalism and perfection. Their work started in the early planning phase and their insight and input informed our decisions every step of the way. Their team ensured that the evening went smoothly from check-in to check out and everything in between, from the setting up (and last minute moving of tables) to the 100+ item Silent Auction. We will continue to contract the Impulse team for our gala for years to come.
