Dear Impulse:

We at Lure Fishbar wanted to thank you for the events you have produced here this past year and all of the many dinner parties you have graciously sent to our restaurant each month. We always enjoy hosting your VIP clients, as they are appreciative, fun, and always a sophisticated, nice crowd.

Whether it was the private 60th surprise birthday you hosted here for 100 guests, the many private dining parties you booked with us for anniversaries, engagements, birthdays or client dinners, or the couple of corporate functions you produced from your impressive client list, we have always been excited to work with you and to go the extra mile for all of your requests.

We look forward to hosting any party, event or private dining request you ever have, as you have been a pleasure to work with and have always executed exactly to what was promised. Your event services are one-of-a-kind.

Sincerely,

Robert Collins  
General Manager
