Dear Cheryl and Scott,

Apologies for the delay in sending you this belated but heartfelt, thank you. I have finally recovered and returned to the UK from a hectic time in NY!

I just want to say a personal thank you Cheryl and Scott for your outstanding work in delivering Framing Perceptions on 25th September. You were such a joy to work with on the night – as were all your staff.

I know from Stef that you worked exceptionally hard for us in the days and months leading up to the events – both in the UN and at Riverpark. You really enabled Sightsavers to deliver a spectacular event – and what's more made it look easy, no mean feat!

It was a pleasure working with you and again thank you.

Best wishes

Juliet Milgate
