AT THE FOREFRONT OF ONLINE BUSINESS

November 26th, 2013

I am beyond appreciative to have not only found Impulse, but to have used them for our company holiday party.

To say they took all the stress out of this for me would be an incredible understatement. From our initial conversation, they exuded confidence, competence and helped me feel comfortable.

Impulse did everything with remarkable professionalism – from securing the venue, getting an unbelievable deal and handling all the décor/music.

I applaud David and the rest of the Impulse team as they have exceeded all my expectations.

Looking forward to working with them on future events.
